ON IN THE REGION

FMF Delegate Connect

What is FMF Delegate Connect?

Use FMF Delegate Connect to identify the attendees you wish to meet, and schedule lucrative meetings, leading to more deals and opportunities in just four simple steps.

1. Update your profile: Tell us a bit about yourself so others will know why they would want to meet you, add your profile picture to be recommended to others. Review your interests selected, this will ensure your recommendations are only people who meet your criteria, and will ensure you show up in relevant searches.
2. Review your recommendations: Our algorithm automatically suggests people you should meet based on the interests you selected during registration, and when you updated your profile. Review your recommendations and send meeting requests.
3. Search and send meeting requests: Identify additional contacts you would like to meet through our intuitive filter and search functionality. Once you've identified people you want to meet, book a meeting with a single click.
4. Confirm your schedule and attend meetings: You will receive an email every time someone requests a meeting with you, or accepts your meeting requests. Your full meeting schedule can be found at the bottom of the page in My Dashboard, or when navigating to My Meetings also within the Dashboard.

How do I access FMF Delegate Connect?

You need to be registered for the event to be able to start using the platform. Once you are registered, you are automatically given a log-in to the FMF Delegate Connect Matching Program. This will allow you to send and receive meeting requests, arrange pre-scheduled meetings to maximise your time at FMF.

Please check your mailbox for an email from FMF Delegate Connect Concierge **delegate-connect@futuremineralsforum.com**

If you have not received your welcome email with log-in details, please email the FMF Delegate Connect Concierge at **delegate-connect@futuremineralsforum.com**

FMF Delegate Connect Lounge Sponsor

The logo for TRAXYS, featuring the word "TRAXYS" in a blue, sans-serif font. A red, stylized circular arrow or swoosh is positioned around the "X", indicating a dynamic or technological theme.
